Introduction

Trevor Vivian is the Global Director of Benoy, a world-leading architecture and design firm. He is a distinguished Architect, renowned in the commercial sector internationally for his award-winning design projects. With 40 years of experience as an Architect in the industry and the last 16 years with Benoy, he has worked across Asia, Australia, Europe, and the Middle East to build a diverse and international portfolio.

He is an influential leader in challenging projects that require an invaluable understanding of the cultural nuances of the design process. Highlighting the breadth of cross-sector experience he brings to the role, his portfolio includes the Alibaba Jiangsu Headquarters in Nanjing, a major mixed-use and TOD development that uses smart technology, including autonomous vehicles, for transportation; the masterplan for iAPM Shanghai, an award-winning retail development that is integrated with the city’s main MTR lines; as well as Parc Central, a premium mixed-use and TOD development in Guangzhou that offers shopping, entertainment and dining with easy access through a public transport interchange at its core.

Trevor is passionate about environmental sustainability and believes “architects have a responsibility to ensure their designs make the world a better place to live.”
