

## 2019 PRIORITIES LEADING INTO THE FUTURE

### MINNESOTA MAYORS TOGETHER

---

Build trusted relationships: foster conversations and collaboration across the state

Reinforce the economic and environmental imperative to connect transportation, housing, and workforce strategies

Identify shared priorities and action steps

### AFFORDABILITY

---

Promote finance and land use best practices

Engage in collective actions to increase the supply of diverse housing options

### SUSTAINABILITY/RESILIENCY

---

Explore best practices for healthy and resilient infrastructure: source water, storm water, energy generation, food security, urban forestry, building practices, and broadband

Continue the conversation among school leadership and mayors

Foster inclusive cities for historically marginalized communities

### MOBILITY

---

Explore adaptive policies and practice for changing technologies: autonomous vehicles, ridesharing, and electrification

Champion robust, multi-modal, and sustainable transportation investments: roads, bridges, transit, walkability, and non-motorized

### PARTNER TO SUPPORT LEGISLATIVE RECOMMENDATIONS: TBD

---
