

Jillian Brown

Enterprise Account Director for Workplace

Convене

Jillian Brown is currently the Enterprise Account Director for Workplace with Convене. She has been in the WAaS (workplace as a service) industry for 5 years now and has gained tremendous experience through her roles as a Consultant with CBRE here in Chicago and the National Sales Director for Serendipity Labs, working with investors, partners, project managers, and brokers in creating, opening, and occupying multiple locations on a growing team. Throughout the last few years she has also worked as a stand in on several Chicago-based television shows including Chicago PD, Chicago Fire, Chicago Med, Empire, and the occasional movie and commercial extra.

Jillian was born and raised in Nebraska, moving to after completing her undergraduate degree in Finance & Marketing at the University of Nebraska at Lincoln (go Cornhuskers!) and achieving her MBA at Creighton University in Omaha. Outside of work, she loves to travel, spend as much time with busy friends trying new things, and hanging out with her one year- old puppy, Goose.
