

Christine Lussow

Project Executive, BEAR Construction Company

Christine Lussow is a Project Executive at BEAR Construction Company's downtown Chicago location. Christine received her Bachelor's Degree in Architecture from Iowa State University and is a Licensed Architect in the State of Illinois. Prior to BEAR Construction Company, Christine worked as an architect specializing in interior tenant build outs and renovations. She transitioned into a Senior Project Manager role in the commercial construction industry working for Equity Office, CBRE and GE Capital. With nearly 15 years of architectural and 13 years of construction management experience, Christine possesses extensive knowledge of each phase of the project execution process. Most recently, Christine was the Project Executive responsible for the Historic Renovation of the Old Post Office Lobby.
