

PAUL JAMES

Senior Vice President | Lendlease

Mr. James is a graduate of Northwestern University with a B. S. in Civil Engineering. He joined Lendlease in 1989 and is the Director of Chicago's Technical Services Group. He manages a staff of cost planners, value engineers, and schedulers who provide design phase services including estimating and budget control, development of procurement criteria, schedules, and constructability and logistics planning. He is an expert in value engineering and has particular expertise in determining costs from the conceptual phase of a project through to 100% construction documents. Mr. James has worked on some of Chicago's most iconic projects including The Tunnel and Reservoir Plan (TARP), Water Tower Place, Presidential Towers, McCormick Place North, Sears Headquarters in Hoffman Estates, Trump Tower Chicago and hundreds of other Chicago projects.
