

SARA DISNEY HAUFE

Director of Traffic Engineering, Chicago

Sam Schwartz

Sara Disney Haufe, PE, PTOE, is the Director of Traffic Engineering for the Chicago Office of Sam Schwartz. In her 16 years of career experience, Sara has provided thoughtful and insightful transportation expertise in support of communities and private developments alike. Her work is characterized by the ability to balance competing interests; communicate successfully with partners, stakeholders, and the public about complex technical issues; and develop multimodal solutions that are cohesive with adjacent land uses. Sara believes deeply that a well-planned transportation network provides the basis for strong and equitable communities and brings this conviction to every project.
