

**Jim Gresik, LEED AP**

*Business Group Leader & Vice President | Walsh Construction Company*

As Vice President, Jim Gresik will provide oversight and leadership for multi-family projects within the building division's Midwest region. His responsibilities will include consultation with owners, monitoring project progress, and supervision and review of management systems and staff. Jim has 27 years of experience in the industry, spending the last ten years with The Walsh Group. Jim previously served as program manager, leading multi-family and senior housing projects across the Midwest and Texas markets. His program included a collection of notable multi-family high-rise projects including the construction of Wolf Point East, Salesforce Tower, AMLI 808, Alta Grand Central and 160 N. Morgan in Chicago, as well as AMLI Fountain Place, The Victor and Eastside in Dallas. Along with multi-family, senior living and institutional projects were also a part of his portfolio of work for clients like Artis Senior Living, Misericordia Heart of Mercy, Chicago Jesuit Academy and Mt. Carmel High School.
