

**Carlos Floresguerra**

*Senior Vice President* | Brookfield Renewable

As Senior Vice President of Corporate Development, Carlos Floresguerra supports the larger Brookfield Renewable Power & Transition group in looking after key account management and strategic partnerships globally for the business. Previously, he served as a Vice President in Brookfield's Renewable's North American distributed energy platform where he supported the origination and the development of comprehensive distributed energy solutions for large, C&I customers.

Prior to joining Brookfield in 2019, Mr. Floresguerra was the Head of Development at GE's solar development platform, leading project development and finance teams. Prior to GE, he led the project development group at Safari Energy, rolling out national solar portfolios for large REIT customers.

Mr. Floresguerra earned his Bachelor of Science degree in Finance and Marketing from New York University's Leonard N. Stern School of Business.
