- 3. Connect with more than 30 emerging leaders in the industry and build relationships to help build a more sustainable Southeast Florida region;
- 4. Promote your firm's image as a trusted resource of real estate expertise;
- 5. Support leadership projects that have immediate, tangible impacts for local non-profits, cities, and neighborhoods;
- 6. Support leadership training in the real estate and land use industries and help provide "behind the scenes" experiences and knowledge to tomorrow's leaders

Through eight day-long program sessions and group leadership projects, the Leadership Institute builds relationships and develops understanding across disciplines, increasing leadership capacity among our region's next generation of land use leaders.
