ULI Toronto is committed to advancing a deeper understanding of our region's Indigenous history and the opportunities to embrace Indigenous values in the advancement of our global mission.

### **UrbanPlan**

UrbanPlan has been operating in ULI Toronto for over three years in more than nine local high schools. The classroom curriculum provides high school students with a hands-on experience in developing realistic land use solutions to real estate challenges and provides them with an understanding of how residents can engage in the development their city.

# **Curtner Urban Leadership**

An annual curriculum-based program designed to immerse mid-career professionals from different disciplines in Toronto city building to create positive change in our city. Led by former City of Toronto Chief Planner Paul Bedford, participants have an opportunity to provide leadership on a critical Toronto issue over the course of 8 months.

# Diversity, Equity, Inclusion, and Reconciliation

The Pathways to Inclusion initiative was created by ULI to increase the participation of equity-seeking communities who are currently underrepresented in the real estate development, land use, and city-building fields. The Pathways to Inclusion Program is supported by the Diversity, Equity, Inclusion, and Reconciliation council.
