

Adeline Liew

Adeline joined Knight Frank as Director, Occupier Services & Commercial Agency for the Asia Pacific Region. With a passion for the corporate real estate arena, she focuses on strategizing, implementing and driving business initiatives across the APAC region. With a keen eye on market trends, Adeline understands the significance of data centres in today's market. This is why she is the APAC Lead for data centres, specialising in the rising dominance in the market. From Hyperscalersto Colocation, Adeline understands the wide spectrum of key issues pertaining to the data centre arena. As a certified Data Centre Specialist (DCS), Adeline helps Knight Frank's clients crystalise their site selection (greenfield / brownfield) in relation to their needs.

Prior to joining Knight Frank, Adeline oversaw 29 global accounts and their strategic partnerships at Interface, as part of its Global and Strategic Business team.

Adeline also serves as the Vice Chair for CoreNet's Singapore Chapter, and sits on CoreNet's Global Board for Young Leaders.

She mentors up-and-coming women in the real estate industry.
