

The Urban Land Institute (ULI) is a non-profit education and research institute supported by its members across over 80 cities around the world, joined in the mission to shape the future of the built environment for transformative impact in communities worldwide.

ULI Singapore carries forth that mission by providing the Singapore public and private sectors with pragmatic land use expertise and education. Together, we create a virtuous cycle of thought leadership that is impactful in progressing our industry standards and creating positive change for Singapore’s community. We also share our knowledge with our global network of over 46,000 members so that there is a continuous appreciation of what works in different cities and regulatory framework.

With funding support through annual sponsorship since FY20, ULI Singapore has expanded its reach to over 600 members and deepened our collaborations with the industry to drive ULI’s global mission priorities:

1. decarbonize the real estate sector and accelerating our progress to net zero;
2. increase housing attainability in communities around the world; and,
3. educate the next generation of diverse real estate leaders.

ULI Singapore invites you to be an annual supporter in FY24 (July 2023 – June 2024) to support our ongoing program of work locally.
