Site Description

The site presently consists of one 12.7 acre parcel (Parcel A – also called the MD parcel) and a second 6.1 acre parcel (Parcel B – also called the BC parcel). Parcel A is currently a series of surface parking lots for the commuter rail station, which is located in the lower left (southwest) corner of Parcel A. Parcel B is a vacant lumber distribution yard. The site is relatively flat. The commuter rail tracks run along the southern edge of the two parcels. The rail lines are also used occasionally, but not extensively, for freight
