

**The Traffic Group Adds Troy Brestel, P.E., PTOE, as Project Manager**  
***Brestel to Focus on Servicing Clients in Delmarva Region***

**Baltimore, MD (10/14/25)** —The Traffic Group – one of the nation’s leading SDVOSB traffic engineering and transportation planning firms celebrating its 40<sup>th</sup> year in business – has hired Troy Brestel, P.E., PTOE, as a Project Manager.

With nearly twenty years of experience in civil engineering, Brestel specializes in traffic engineering, traffic planning, and development plan review. In his new role, Brestel will oversee a variety of traffic study and transportation planning projects, manage client relationships, and mentor junior staff. He will leverage his expertise in capacity analysis, trip generation development, and corridor signal coordination to deliver innovative, data-driven solutions for both public and private sector clients.

“We are thrilled to welcome Troy to our growing team,” says Anthony Guckert, President of The Traffic Group, Inc. “His extensive experience in traffic engineering and transportation planning, regulatory compliance, and client-focused project delivery will be an asset to our clients and our continued growth.”

Before joining The Traffic Group, Brestel served as Project Manager at Traffic Planning and Design, Inc., and previously spent 15 years with the Delaware Department of Transportation (DelDOT) in its Division of Planning. At DelDOT, he was responsible for reviewing Traffic Impact Studies (TIS), verifying trip generation for proposed developments, reviewing entrance plans, and identifying roadway improvements to ensure compliance with state and local regulations. He also managed on-call consultant contracts totaling \$1.5 million and provided training on TIS review procedures.

Brestel holds a Bachelor of Civil Engineering from the University of Delaware and is licensed as a Professional Engineer in Delaware and Maryland. He is also a certified Professional Traffic Operations Engineer (PTOE).

**About The Traffic Group, Inc.**

Established in 1985, The Traffic Group, Inc. (TTG) is a Service Disabled Veteran-Owned Small Business (SDVOSB) traffic engineering and transportation planning specialty firm headquartered in Baltimore County, Maryland.

Through use of sophisticated technology and the in-house experience of more than 100 industry professionals, TTG offers services that help determine road improvements, signal and sign location, lighting plans, land usage, public facility and capacity issues, and security measures. With over 4,000 pieces of traffic data collection equipment, The Traffic Group has the largest inventory of such equipment in the U.S. and conducts more than 100,000 counts for clients annually.
