

WE ARE HIRING

We are looking for...

Architectural Designer 🔍

Interior Designer 🔍

About JP2:

The award winning, progressive, design-oriented architecture, interior design and planning firm of JP2 Architects is seeking talented design professionals for extraordinary and challenging national and international commissions. We have several large multi-family, mixed use, workplace and retail projects in the design phase and are looking for a designer who can work independently. These are very exciting projects that need key design and management personnel to complement our existing talented staff. If you are brimming with creativity, know how to collaborate and have a broad skill set then JP2 has a meaningful role for you.

We offer an opportunity for growth on design and management assignments, competitive salaries and benefits that include health, dental, matched 401k and more.

Preferred Qualifications:

- BArch or B.I.Arch,
- 3-7 years of experience
- Possess Multifamily / Workplace /Commercial Experience
- Proficient in Revit
