

## **Charles Thrift**

**Thrift Commercial Real Estate Services**

### **BIOGRAPHY**

Charles started Thrift CRES in 2016 to provide owners a premium experience in evaluating their real estate needs, whether it be a new development, a redevelopment or a difficult land acquisition.

Over the past 25 years, Charles has worked in a number of roles in Charlotte firms, all of which included some form of leasing. Charles takes great pride in providing landlord's and developers superior service, deep market knowledge, all with an owner's mentality. Understanding how to make a deal that works for both parties.

Charles worked in retail leasing and brokerage with Collett, Crosland and Aston Properties where he was responsible for leasing a multitude of projects for an array of partners and third-party owners. The projects were across the southeast and enabled him to create a significant broker network that he uses today.

Charles is a Charlotte native and continues to live in the city he loves with wife, Lauren. Their two boys are now in college, and they spend as much time as they can trying to hang out with them!

Charles is a licensed broker in North Carolina and South Carolina.
