Why We Do It: The Mission

The mission of the Urban Land Institute is to shape the future of the built environment for transformative impact in communities worldwide. At a local level, ULI Cleveland brings together a thriving and dedicated multi-disciplinary community of professionals that deliver market based, innovative and implementable solutions throughout the state of Ohio.

How We Do It

- »» Unbeatable Programming: First looks and behind-the scenes site tours to monthly breakfast meetings & happy hours for members.
- »» Real Estate Diversity Initiative (REDI): The Real Estate Diversity Initiative (REDI) is a comprehensive real estate development training and mentorship program for

people of color, women, and LGBTQ+ individuals. The curriculum covers the spectrum of the real estate development process.

»» Multidisciplinary Networking: Our members are developers, brokers, bankers, financiers, attorneys, architects, engineers, designers, academics, nonprofit partners, and government leaders. ULI is over 43,000 members strong. We are one ULI. Once a member, you have access to events and resources from your local district council here in Cleveland to all others around the country and globe. ULI travels with you.

»» UrbanPlan: ULI Cleveland hosts UrbanPlan workshops to help participants understand the relationship among community growth, development, and economic vitality. Our members act as facilitators for the course and we are continuing to grow the program across the region.

»» Women's Leadership Initiative (WLI): Launched in the spring of 2017, WLI Cleveland brings together female members in intimate round tables to discuss best practices in land use and to promote and grow women as leaders in the real estate industry.

»» Technical Assistance Panels: Members can serve as panelists for these one- to two-day work sessions that address land use challenges requiring local knowledge to resolve. An objective team of seasoned professionals forms the panel, and its recommendations often build upon the community's existing accomplishments. As always, the outcome is of the high quality for which ULI is known.
