JOIN US FOR REDI
Real Estate Diversity Initiative

Would you like to advance your real estate career? Are you considering the real estate development field?

REDI is a comprehensive, 13-session curriculum designed to advance the real estate careers of professionals of people of color, women, and LGBTQ+. Thirty participants step into the role of a real estate developer, gaining direct knowledge and experience working in teams to produce a development plan, proforma, and marketing plan for a real project. Participants are taught by a volunteer faculty of experienced, multi-disciplinary, top-tier practicing real estate professionals serving as instructors, mentors, and facilitators who share market-based knowledge and the wisdom of their experience. The program concludes with REDI teams presenting their proposals to a panel of real estate professionals who engage the participants and provide constructive feedback.
