WHERE THE FUTURE IS BUILT

INVEST IN ULI IN THE LEHIGH VALLEY

Global Reach. Local Impact.

As one of 53 District Councils across the Americas, ULI Philadelphia connects local leaders to the global expertise and best practices of the Urban Land Institute. As the region's District Council, ULI Philadelphia is supported by four satellite councils serving Central Pennsylvania, the Lehigh Valley, Southern New Jersey, and Delaware—each advancing ULI's mission through regionally relevant programming, networking, and thought leadership.

These annual satellite sponsorship opportunities are designed for firms seeking heightened visibility, mission alignment, and meaningful engagement in the regions where they are most active. Regional sponsorship tiers deliver tailored benefits and recognition within a specific satellite council, while offering the option to access broader benefits across the full ULI Philadelphia District Council.

By aligning your firm with ULI members in a particular region, you demonstrate a commitment to applying global best practices at the local level, strengthening your influence and impact while remaining connected to ULI's expansive network, research, and resources.
