ULI, the **Urban Land Institute**, is a 501(c)(3) non-profit research and education organization supported by its members. Founded in 1936, we now have 48,000 members worldwide representing the entire spectrum of land use and real estate development disciplines working in private enterprise and public service. Members represent every segment of the real estate development, including property owners, investors, advisors, developers, architects, lawyers, lenders, planners, regulators, contractors, engineers, university professors, librarians, students and interns.

A multidisciplinary real estate forum, ULI facilitates an open exchange of ideas, information, and experience among industry leaders and policy makers dedicated to creating better places. Members say we provide information they can trust, and that ULI is a place where leaders come to grow professionally and personally through sharing, mentoring, and problem solving. With pride, ULI members commit to the best in land use policy and practice.

ULI's Annual Golf Tournament is a fundraiser for the local ULI District Council in San Antonio. All proceeds go towards supporting local programs and events for members, along with providing ULI memberships to UTSA students enrolled in the Embrey School of Real Estate, Finance and Development and Urban & Regional planning masters programs, along with other members of the San Antonio community.
