Current campaigns of Designing Hong Kong:

1. Waste Reduction (beverage packaging, food containers)
2. Conservation (reduce and reverse loss of country parks, wetlands, and areas reserved for agriculture, green belt and other conservation uses)
3. Sustainable Urban Development (master planning, land supply, urban renewal/over development, harbourfront, infrastructure)
4. Liveable City (walkability, harbourfront, public space)

Designing Hong Kong Limited is a not-for-profit organization devoted to promoting sustainability, quality of life and good design. Its aim is to increase public awareness and to improve Hong Kong's collective ability to plan and deliver a 'beautiful' city. Designing Hong Kong is a member of the World Urban Campaign by UN-Habitat.
