

Dustin Lam is the Head of Civil Structure and Building Engineering Services at the Hong Kong office of SJ Group, as well as the Regional Director of Hong Kong for its member company Robert Bird Group. As an experienced engineer, he has extensive expertise in managing complex engineering projects, specializing in enhancing the delivery efficiency of large-scale cross-disciplinary projects and driving innovation. He is skilled in technical areas such as building structures, heavy lifting, modular construction, prefabrication, and DfMA. Projects he was involved include Singapore Changi Airport Terminal 5, the Noida International Airport in Delhi, India, the Kai Tak Sports Park in Hong Kong, the Hong Kong Port Passenger Clearance Building of the Hong Kong-Zhuhai-Macao Bridge, and a series of expansion projects at Hong Kong International Airport. Mr. Lam holds a Bachelor of Engineering in Construction Engineering from Victoria University and has been awarded an Advanced Certification in Heavy Lifting and Transportation. He is also a member of Engineers Australia.
