

# Donation Form

ULI2D is making a difference. With a talented team of volunteers, ULI Arizona is collaborating with neighborhood leaders, artists, city government, and other partners in creating dynamic community-inspired murals throughout local neighborhoods. The ULI2D Community Mural Project is a multi-year initiative to revitalize, unify, and inspire communities, strengthening the rich culture found in our cities. With your support, we can continue catalyzing neighborhood-driven positive change through the impact of two-dimensional mural art. Join us.
