

**Post Loyal Architecture + Industrial Design** is a design focused architectural studio, currently looking for a **Junior Architect** (2-4 years professional experience) to join our team. Projects range from mixed use, adaptive reuse projects to small scale modular affordable housing. This is an exciting moment to join the studio, where the candidate will be exposed to all aspects of developing a design-oriented, research-led architectural practice.

The new team member will work on a variety of projects in all phases, from conceptual design to construction. Strong drafting, visual and presentation skills, as well as experience in the production of construction drawings, are expected. The candidate should be detail oriented, enjoy working in a team environment, and able to work within a fast-paced environment.

- Minimum 2 year experience.
- Ability to work with a team and with client, consultants, and professionals
- Strong design skills
- Proficient in Revit, 3D modeling skills with Sketchup, and experience with Adobe Creative Suite
- Strong verbal, written, and visual communication skills
