

# ULI NEXT is leading the future

JOIN US

ULI Next is seeking dynamic, engaged members looking to enhance their experience with ULI and within the local industry and community. The purpose of ULI NEXT is to identify new and potential leaders who are interested in unique opportunities to meet and exchange ideas, benefit from personal and business growth opportunities and programming, and grow and maintain connections with members and the ULI-Idaho network.

The 2025-2026 cohort will begin in July, 2025 and run through June, 2026. Programs are still being finalized but will include the following, with focus on personal and professional growth:

- (4) quarterly programs with featured speakers: deep dives into industry topics and/or professional learning objectives
- (2) happy hour socials: focus on cohort building & personal growth
- Connections with national and regional speakers visiting for ULI programming, as opportunity allows

\*And additional socials and programming as the cohort sees fit.

ULI Idaho District Council Director : Karlee may [karlee.may@uli.org](mailto:karlee.may@uli.org)  
NEXT cohort Chair: Rory Heggie [rory@studioharchitects.com](mailto:rory@studioharchitects.com)

☐

YES!

ULI Idaho District Council Director : Karlee may [karlee.may@uli.org](mailto:karlee.may@uli.org)

NEXT cohort Chair: Rory Heggie [rory@studioharchitects.com](mailto:rory@studioharchitects.com)

The group distinguishes itself from other ULI affinity groups by defining four unique programming themes to drive purposeful engagement for members who consider themselves “mid-career.”

#### CONNECTIVITY

Building visibility and relationships among ULI members, district councils, and initiatives.

#### ENTREPRENEURSHIP

Identifying, encouraging, and bringing attention to opportunities for initiative and change.

#### TRANSFORMATION

Excelling professionally and growing personally; transition into lead decision-making roles during the prime period of careers.

#### INNOVATION

Bringing insights and engagement on topics at the forefront of industry and community change.
