SUSTAINABILITY SUMMIT

SPONSORSHIP OPPORTUNITIES

Supporting this Summit means aligning your organization with responsible development, smart growth, and resilient communities. Your sponsorship directly contributes to educating local industry professionals on crucial topics, including:

- Resilient Planning** Preparing for climate challenges like forest fires and extreme weather.
- Industry Leadership** Gaining cutting-edge insights and knowledge from top experts in sustainability and resilient development.
- Policy & Innovation** Exploring strategies that shape the relationship between Idaho’s built world and regional landscape.
- Best Practices** Learn from recent case studies and industry leaders about effective sustainability strategies and implementation.
- Exclusive Networking** Connect with top professionals shaping Idaho’s land use and urban design.
