Real Estate Diversity Initiative (REDI)

REDI is a comprehensive, 15-session curriculum designed to advance the real estate careers of professionals of color and women.

Twenty participants step into the role of a real estate developer, gaining direct knowledge and experience working in teams to produce a development plan, pro-forma, and marketing plan for a real project.

Participants are taught by a volunteer faculty of experienced, multi-disciplinary, top-tier practicing real estate professionals serving as instructors, mentors and facilitators who share market-based knowledge and the wisdom from their experience.

The program concludes with REDI teams presenting their proposals to a panel of real estate professionals who engage the participants and provide constructive feedback.

Due to COVID-19, the 2021 sessions will be hosted virtually to prioritize everyone's health and safety. Since this is the case, you must have access to a computer and an internet connection to participate. If it is possible to meet in person later in the program, we will do so.
