

UrbanPlan Workshop

Building Better Communities

Join the Omaha Municipal Land Bank (OMLB) and the Urban Land Institute (ULI) for a one-day UrbanPlan workshop!

ABOUT THE PROGRAM

The UrbanPlan interactive case study engages participants in unfamiliar decision-making roles that address the fundamental challenges, complex trade-offs, and economics that are at play in and development.

Interested in Volunteering?

At three points during the program, local land use professionals assist UrbanPlan by acting as:

Team Advisors - who provide hands-on support to teams as they begin to build out their developments and put together a presentation of their proposals

Facilitators - who challenge students to think critically about their "roles" and the UrbanPlan issues.

City Council Members - who listen to student presentations, challenge their proposals, and award a development contract to the winning development proposal.
