

UrbanPlan Workshop

Building Better Communities

Join the Omaha Municipal Land Bank (OMLB) and the Urban Land Institute (ULI) for a one-day UrbanPlan workshop!

ABOUT THE PROGRAM

The UrbanPlan interactive case study engages participants in unfamiliar decision-making roles that address the fundamental challenges, complex trade-offs, and economics that are at play in and development.

In teams, you and fellow participants will...

- Adopt roles on competing development teams responding to a mock city-issued RFP
- Address conflicting business, community, and public sector needs and goals
- Evaluate the economic risks and benefits of different land uses and building types
- Develop a pro forma (financial model) for an economically sustainable development
