Le Nguyen is Principal of Beleza Designs. For over 28 years Le has worked with a wide range of national and international clients, architects, artists and engineers, helping them bring their architectural lighting visions to life. Through close collaboration with leading design teams Le has successfully converted challenges into design opportunities, offering direction to achieve lighting design excellence. With an architectural engineering background, Le and the Beleza team provides a bridge between the art of lighting design and technical, to create constructable solutions, aligning Beleza's design innovations and management, with project team dynamics and project objectives into beautiful design solutions.

Over the years, she has guest lectured or critiqued at academic design programs at Cal Poly, UCLA, Woodbury, and USC and has led design teams and mentored a variety design graduates and young professionals to grow in their professions. Le is an active member of ULI serving on the Innovation and Homeless Councils, engaged with community and philanthropic efforts to support developing innovative solutions, homelessness concerns, and serves on the Executive Board of the LA River Arts, revitalization through the arts and community building efforts. In her personal time, Le enjoys all kinds of travel, dancing, live music, running, tennis, cooking, cultural activities, visual and performing arts with friends and family.
