

THIS WEEK AT ULI MINNESOTA...

Back-to-School: ULI MN UrbanPlan 2020-2021 School Year Update and Volunteer Training

Until we are able to safely be together again in-person, ULI MN's UrbanPlan volunteers will be working with local high school students virtually!

We are thankful that we are able to pivot this engaging curriculum to fit remote delivery and we are confident that we can still create a meaningful experience for the students and volunteers!

UrbanPlan is a realistic, engaging and academically challenging high school classroom curriculum in which students learn the roles, issues, economics and trade-offs involved in urban development.

The mission of UrbanPlan is to generate more positive and informed dialogue about land use at the local level through the education of students – our future voters, neighbors, public officials, and land use professionals.

- Enjoy professional development and knowledge sharing.
- Interact with other mission-oriented professionals
- Positively impact the next generation of citizens.

Volunteers accepted into the program must attend a one-day virtual training session. Trained volunteers serve (virtually) in the high school classroom as Facilitators or as members of a mock City Council for final student presentations.
