COVID-19 In-Person Events and Meetings Policies

ULI New York plans to resume in-person events and meetings in the fall of 2021

VACCINATION POLICY FOR ULI NEW YORK IN-PERSON EVENTS AND MEETINGS

Throughout the pandemic our primary concern has always been the health and safety of our employees, members and guests and their families. As we prepare to resume in-person events and meetings this fall, and in view of the emergence of the Delta variant, we believe the safest environment in which to convene our employees, members and guests is one in which all attendees are fully vaccinated (those people who are 14 days beyond their final COVID-19 vaccine).

Until further notice, ULI NY will require all attendees of its in-person events and meetings, regardless of the location, to present proof of vaccination upon arrival to the event or meeting in order to participate in-person.

Acceptable forms of vaccination proof include, but are not limited to, the following:

- Your official **Centers for Disease Control and Prevention (CDC) COVID-19 Vaccination Record Card**
- The digital **New York State Excelsior Pass** app, available for free at the App Store or Google Play.
- The digital **NYC COVID SAFE** app, available for free at the App Store or Google Play.

Those unable to provide proof of vaccination, regardless of vaccination status, will not be admitted to the ULI NY event or meeting. ULI NY reserves the right to refuse entry to any visitor. When possible, events and meetings will include a virtual option.

ULI NY has adopted this policy as a necessary protocol to help prevent community transmission of the COVID-19 virus, and any associated variants, and help safeguard the health of its employees, members and guests and their families. This policy complies with all applicable federal, state, and local laws and is based on guidance from the Centers for Disease Control and Prevention (CDC) and state and local public health authorities, as applicable.

MASK POLICY FOR ULI NEW YORK IN-PERSON EVENTS AND MEETINGS

In accordance with the [CDC's Interim Public Health Recommendations for Fully Vaccinated People](#), issued July 27, 2021, ULI NY strongly recommends fully vaccinated event or meeting attendees (those people who are 14 days beyond their final COVID-19 vaccine) wear a mask in public indoor settings, such as conference rooms, event spaces, networking areas, restrooms and hallways, until New York City is no longer considered an [area of substantial or high transmission](#).

ULI NY will continue to monitor the public health guidelines per the CDC, New York State and New York City public health authorities. ULI NY reserves the right to adjust and change its policies and procedures to be compliant with any changes in public health guidelines or to comply with any additional public health measures required by the host venue and will communicate any such changes to event or meeting participants accordingly.
