

Perth Amboy Brownfields Redevelopment Project

The Smith Street Department of Public Works/Formal Landfill Property is located at 599 Fayette Avenue in the City of Perth Amboy. The landfill was closed and capped in 1980 and a portion of the site is currently occupied by the City's Department of Public Works. This site sits at critical gateway into the city. A new use that enhances the gateway into the City, as well as meets community needs is desired.
