

Professional Biography

Puneet Comar, PE, QSD
Principal
X Engineering & Consulting, Inc.

Prior to creating X Engineering, Puneet's career in civil engineering spanned 20+ years across multiple reputable engineering firms. It began in 1999 when he interned at a private traffic engineering firm for \$7/hour. He graduated in 2003 from Cal Poly Pomona with a Bachelor of Science in Civil & Environmental Engineering and earned his civil engineer license in 2008.

Between 2003 and 2015, Puneet developed his skill and experience working at two reputable land development firms, overseeing a variety of land development, stormwater management, and capital improvement projects throughout southern California and acting as a trusted advisor to clients in all aspects of civil design and land development. In 2015, he was recruited by a global firm to build a civil engineering practice in Irvine, which he did until 2018.

It was then that he created X Engineering, officially launching in 2019 with six employees. Since then, the company has grown to 30 employees. Puneet fosters a work environment that promotes personal and professional advancement; has built lasting relationships with city staff throughout southern California; and is an active member of the BIA where he participates in speaking engagements on civil engineering-related topics. He has been happily married since 2016 and is Dad to Xander (5) & Remy (4).
