Missing Middle Roundtable for Members
October 10th | 12:00-1:30 pm @ Weintraub Tobin

Buildings and developers across the country are working to integrate Missing Middle Housing product types such as cottage courts, fourplexes, and townhouses into their projects to respond to rising costs, shifting household demographics, and the demand and need for non-single family housing choices.

ULI's Housing Committee invites you to a casual lunchtime roundtable to hear from our two speakers on this topic that is getting more attention as we look for solutions to solve the housing crisis. Bring your own lunch and bring your questions on this timely topic of Missing Middle Housing!

Terner Center at UC Berkeley

Nguyen Nguyen, Associate Planner-Long Range Planning
City of Sacramento Community Development Dept.

Moderated by: Renner Johnston, President, Mogavoro Associates
and ULI Housing Committee Chair
