New York State Legislators Forum
Friday, March 6, 2020
1133 Westchester Avenue • Atrium Lobby • White Plains, NY
8:30 AM – 10:30 AM

Now more than ever, it is critical for our elected officials to hear from us. We have invited the entire Westchester/Putnam delegation of the State Legislature for an interactive dialogue about the most pressing issues impacting your business and our community. Your voice is needed for the region’s future growth and success!

Some of the more timely issues that will be addressed include: Prevailing Wage Legislation, Medicaid Crisis, SALT property tax deduction, population flight out of Westchester County/NYS, investment in workforce and talent development, and more!

This interactive forum will be moderated by Nick Spano, Empire Strategic Planning.
